

ELECTRICAL SYSTEM CIRCUIT DIAGRAM

1. Front parking and turn signal lights
2. Headlights with high and low beam
3. Horn
4. Battery
5. Side turn signals
6. Brake light push switch
7. Fuel tank level sensor
8. Indicator
9. Wiper engine
10. Fuses for electrical system protection
11. Push switch on driver's side door post for lamp 28
12. Switch for turn signals
13. Horn push button
14. Switch for headlights and flasher
15. Fuel level indicator
16. Indicator light (red) for the fuel reserve
17. Cable connections
18. Alternator charge indicator light (red)
19. Indicator light (green) for turn signals
20. Indicator light (green) for parking and tail light
21. Control lamp (blue) for headlight high beam
22. Indicator light (red) for too low lubricating oil pressure
23. Lamp for illumination of the instrument cluster
24. Switch for instrument lighting
25. Main switch for exterior lighting
26. Ignition starter switch
27. Wiper switch
28. Lamp in the rearview mirror
29. Alternator regulator group
30. Alternator
31. Starter
32. Ignition coil
33. Spark plug
34. Ignition distributor
35. Contactor for indicator light of too low lubricating oil pressure
36. Rear tail, brake and turn signal lights
37. Registration plate lamp

IDENTIFICATION COLORS OF THE CABLES

- | | | |
|-----------------------------|-----------------------------|----------------------|
| Azzurro = Light blue | Grigio = Grey | Rosa = Pink |
| Bianco = White | Marrone = Brown | Rosso = Red |
| Giallo = Yellow | Nero = Black | Verde = Green |
| Viola = Violet | INT - INTER = Switch | |

The symbol ■ indicates that the cable is provided with an identification number tape or sleeve.
